

Hancock Youth for Positive Efforts (HYPE) is a youth-led, adult-guided organization focused on engaging students in grades 6 through 12 in positive efforts to reduce substance use. You will learn communication, prevention, and leadership skills to help you successfully navigate life as a middle and high school student and enjoy a healthy, drug-free lifestyle. There are opportunities for travel, community service, and some fun surprises along the way!

You will also discover how playing an active role in HYPE will empower you and your peers to create positive change in the Hancock County community!

- I agree to attend a monthly HYPE meeting to learn about ways to make a positive impact and how to be involved in HYPE projects.
  
- I pledge to treat my classmates with respect, support fellow students in making safe, healthy decisions, and look for ways to bring positive change to my community.

**I would like to become a member of Hancock Youth for Positive Efforts (HYPE)!**
